

EXPORT LICENSE EXCEPTION (BAG) CERTIFICATION
for Export Administration Regulations (EAR) controlled Items

Background: The export of items, technology, commercial software, and encryption code is subject to export control regulations (this includes laptops, PDAs and digital storage devices). The Department of Commerce Export Administration Regulations (EAR) makes an exception to licensing requirements for the temporary export or reexport of certain items, technology, or software for personal or professional use as long as the criteria to which you are certifying below are met. The exception does not apply to any EAR satellite or space-related equipment, components, or software, or to any technology associated with high-level encryption products. In addition, this exception does not apply to items, technology, data, or software regulated by the International Traffic in Arms Regulations (ITAR).

Items Eligible for BAG Exemption
[\(15 CFR 740.14\)](#)

Items NOT Eligible for Exemption
