The MCIU employs 13 school psychologists and serves public and non-public school throughout Montgomery County, PA. We offer a wide range of services to our schools including Autistic Support, Life Skills Support, Intensive Emotional Support, Multiple Disabilities Support, Mental Health services (including crisis response), non-public school services, and transition services. We also consult with school districts to provide BrainSTEPS consultations for students with brain injuries and Student Attendance Improvement Program (SAIP) evaluations for students with school refusal behaviors.

We offer our interns individual and group supervision and a competitive stipend.

The MCIU is a dynamic educational service agency that serves students ages 3-21 years old throughout Montgomery County. To learn more, visit www.mciu.org.
