School Psychology Internship Position

Seneca Valley School District is currently accepting internship applications for the 2023-2024 School Year. Seneca Valley offers a variety of experiences in Grades K-12 in the areas of MTSS, Consultation, Evaluation, Behavioral Intervention, Counseling and more. Seneca Valley currently employs 6 full-time psychologists with various levels of experience, interests, and strengths, including 4 doctoral and 1 licensed level psychologists, available for supervision. The selected intern will also be included in the transition process for early intervention students moving into school age programs, as well as the districts efforts to enhance the MTSS Framework, with one K-4 building already approved by the state to use Response to Intervention for determination of Specific Learning Disabilities.

About SVSD:

The Seneca Valley School District is located about 30 minutes north of Pittsburgh, just across the Allegheny County border in Butler County, with close proximity to the Pennsylvania Turnpike and adjacent to Interstate 79. This is a suburban district that covers 100 square miles and services over 7,000 students K-12 with over 850 employees.

Position Details:

This position is for 191 days and would follow the teacher calendar for the school year. Compensation would be a stipend, pending school board approval. Additionally, a computer would be provided for use in assessment scoring and report writing. No other benefits are included. OSMB4GYñ additional questions.

Interviews

Selected applicants will be contacted in January to schedule interviews. Final approval by the SVSD School Board will occur at a subsequent school board meeting.
