

Centers & Institutes Directors

Minutes: December 7, 2012

C&I Directors present: Ms. Lisa BashWard, Intercollegiate Athletic Institute for Sports Camps

Dr. Robert Boldin, Small Business Incubator

Dr. Dennis Giever, Center for Research in Criminology

Mr. Barnett Knorr, Center for Career & Technical Personnel Preparation

Dr. Krish Krishnan, Center for Commerce & Technology Support. Dr. Creely welcomed everyone.

- x Website assistance
 - o Dr. Creely still looking for ways to help centers during the summer. He sees this as an opportunity in his new role.
- x Semester recap
 - o Dr. Creely was very pleased with the reports on time that the centers submitted.
 - o The five-year center for Information Technology was a success.
 - o Because of the partnership with Powers to a future, the center is now available through the website.
- x Dr. Creely distributed the responses to the Qualtrics survey. The centers meet in small groups to discuss the results.
 - o If a center director is not in a group, they should contact Dr. Creely.
 - o Dr. Krishnan said that he would like to see clients to another center.
 - o Ms. BashWard asked if Dr. Creely would be available for a meeting, and Dr. Creely said that he would be available for a meeting.
 - o Dr. Creely said that the survey results were made available for the centers.
 - o Dr. Boldin asked if the survey results were useful to him.

- f Dr. Creely said that the president is very interested in having facts about the impact of IUP's centers on the community. While the C&I annual report provides a lot of detail, a group could compress that kind of information into a ~~page~~ summary.
- f Dr. Boldin thought this would appeal to the new president and ~~psd~~, since they are both technically oriented.
- o Dr. Creely said that the IUP Centers and Institutes have a very large presence on the IUP website, since Research is on the home page and the Centers & Institutes is on the Research page. We can easily ~~make~~ make changes and additions to those C&I pages. Although we include a summary at the beginning of the C&I annual report, we have been reluctant to highlight it because it does not translate well for each center.
- o Dr. Runge said that his centers don't make ~~much~~ money but provide important services to the community, so that is what he would highlight.
- o Dr. Creely agreed and said the president can easily find out what the centers ~~cost~~ IUP need to do a better job of communicating the value of the centers ~~to~~ IUP the community.
- x Dr. Creely thanked everyone for coming to the meeting during this very busy time of the semester, and said that we would be in touch via email in early February to schedule the small group meetings.

Respectfully submitted
Jean Serio
