DEP– Department of Environmental Protection  
Environmental Education Grants

Proposals Due  
November 15,  
2023

Funding priority is given to environmental education projects that engage people living, working and/or attending school within Environmental Justice areas in topics related to Climate Change and/or Water.

Projects may engage a wide range of audiences (Preschool through adults), using education methods and strategies that are appropriate to the audience. Projects may be delivered in a variety of settings such as classrooms

	<p>community centers, field sites, etc. Projects may introduce new environmental concepts or build upon the audience's existing knowledge and interests related to Climate Change and/or Water.</p> <p>Award Range - \$001 - \$65k for General Grants \$0 - \$5,000 for minigrants; Duration - 12 months</p>	
<p><u>Proposal Due</u> November 15th</p>	<p>NSF– National Sciences Foundation MRI– Major Research Instrumentation Program</p> <p>The Major Research Instrumentation (MRI) Program (MRI Program Website) serves to increase access to multi-tier scientific and engineering instrumentation for research and research training in our Nation's institutions of higher education and non-for-profit scientific/engineering research organizations. An MRI award supports the acquisition of multi-user research instrument that is commercially available through direct purchase from a vendor, or for the personnel costs and equipment that are required for the development of an instrument with new capabilities, thereby advancing instrumentation capabilities and enhancing expertise for instrument design and fabrication at academic institutions. MRI instruments are, in general, too costly and/or not appropriate for support through other NSF programs.</p> <p>Award Amounts:</p> <ul style="list-style-type: none"> <li>x Track 1: Track 1 MRI proposals are those that request funds from NSF greater than \$100,000 and less than \$1,400,000.</li> <li>x Track 2: Track 2 MRI proposals are those that request funds from NSF greater than or equal to \$1,400,000 up to and including \$4,000,000.</li> <li>x Track 3: Track 3 MRI proposals are those that request funds from NSF greater than or equal to \$100,000 and less than or equal to \$4,000,000 that include the purchase, installation, operation and maintenance of equipment and instrumentation to conserve or reduce the</li> </ul>	<p><a href="#">Link to Program Page</a></p> <p><a href="#">Link to NOFO PDF</a></p>

	consumption of helium Institutions may submit no more than one Track 3 proposal. Submission of a Track 3 proposal does not impact limits that apply for Track 1 and Track 2 proposals.
