The Course Analysis Questions are supposed to be from the UWUCC version not the Graduate version.

On 441 you might want to find another word other than Demonstrate since you use it so many times.

On page 7 you have the catalog description from BLAW 441 instead of 440.

Overall there was a concern that you do not distinguish enough between the two courses--the titles seem too similar. Maybe I and II could be used to assist with that issue.

On a Greenawalt/Deckert motion, the proposal was returned.

- v. 13-100b BLAW 441 Oil and Gas Leasing, new course

Provide a rationale for how this course is different from BLAW 440.

Please see the comments for BLAW 440 for this proposal.

- w. 13-105 BIOL 210 Principles of Plant Biology, course revision, course title change (was Botany), and catalog description change
