II. Summer Activity Report

- Elections
  - Julie will continue as co-chair
  - It was mutually agreed that we would have a rotating secretary of the day and that we would start in alphabetical order of people present.
- Public Health and Community Nutrition Minor
  - Provisional Approval due to hidden prerequisites  
Now has FDNT 145 or FDNT 212; they needed to correct this because but some courses in the minor had 212 as a prereq.  
PASSHE says you shouldn't have to take a prereq that is not included in the minor so they requested that this be corrected.  
They were also not in favor of a Minor and a Certificate exactly the same. Later there will be a proposal to delete the Minor.
- Public Health and Community Nutrition Certificate
  - Provisional Approval by System due to hidden prerequisites  
Now the certificate has FDNT 145 or 212 since 212 is a preq for some of the courses in the minor.  
PASSHE says you shouldn't have to take a prereq that is not included in the certificate.  
Dept has changed this in a proposal later in agenda
- Early Childhood Art Education Minor
  - Provisional Approval by PASSHE due to hidden prerequisites  
Dept needs to revise this minor.
- Business Administration Minor
  - The program paragraph still had 21 credits instead of the 18 credits
  - Under required courses FIN 310 was listed instead of FIN 300.
  - PASSHE permission to change the name
  - Include a definition of who nonbusiness majors are. The following line has been added to the narrative catalog description:  
*The Business Administration Minor is available to non-business majors (including economics, and hotel, restaurant, tourism, and event management majors).*
  - Bus Admin for non-biz majors minor was submitted to PASSHE; they wanted to change the name again to Bus Admin Minor—change will be corrected for submission and vote at APSCUF.

- Kinesiology, Health and Sport Science/Exercise Science, BS-Program Revision
  - What was proposed
    - Total Degree Requirements: 120

already done because of the course revision proposal from the spring, so this

--Reilly noted that this will require a revision of the minor revision to reflect these changes
