

Specific Review Standards from the QM
Higher Education Rubric, Sixth Edition

<p>Course Overview and Introduction</p>	<p>1. The course overview and introduction page(s) is/are available to students at the beginning of the course.</p> <p>2. The course overview and introduction page(s) clearly states the course objectives and the course content.</p> <p>3. The course overview and introduction page(s) clearly states the course requirements and the course schedule.</p> <p>4. The course overview and introduction page(s) clearly states the course instructor's name and contact information.</p> <p>5. The course overview and introduction page(s) clearly states the course instructor's office hours and location.</p> <p>6. The course overview and introduction page(s) clearly states the course instructor's email address.</p> <p>7. The course overview and introduction page(s) clearly states the course instructor's phone number.</p> <p>8. The course overview and introduction page(s) clearly states the course instructor's fax number.</p> <p>9. The course overview and introduction page(s) clearly states the course instructor's website.</p> <p>10. The course overview and introduction page(s) clearly states the course instructor's social media links.</p>	<p>1</p> <p>2</p> <p>3</p> <p>4</p> <p>5</p> <p>6</p> <p>7</p> <p>8</p> <p>9</p> <p>10</p>
<p>Learning Objectives (Competencies)</p>	<p>1. The course learning objectives (competencies) are clearly stated and measurable.</p> <p>2. The course learning objectives (competencies) are aligned with the course content and the course requirements.</p> <p>3. The course learning objectives (competencies) are aligned with the course instructor's expertise and the course instructor's research interests.</p> <p>4. The course learning objectives (competencies) are aligned with the course instructor's teaching philosophy and the course instructor's teaching style.</p> <p>5. The course learning objectives (competencies) are aligned with the course instructor's teaching goals and the course instructor's teaching objectives.</p> <p>6. The course learning objectives (competencies) are aligned with the course instructor's teaching methods and the course instructor's teaching techniques.</p> <p>7. The course learning objectives (competencies) are aligned with the course instructor's teaching resources and the course instructor's teaching materials.</p> <p>8. The course learning objectives (competencies) are aligned with the course instructor's teaching strategies and the course instructor's teaching practices.</p> <p>9. The course learning objectives (competencies) are aligned with the course instructor's teaching outcomes and the course instructor's teaching results.</p> <p>10. The course learning objectives (competencies) are aligned with the course instructor's teaching evaluation and the course instructor's teaching feedback.</p>	<p>1</p> <p>2</p> <p>3</p> <p>4</p> <p>5</p> <p>6</p> <p>7</p> <p>8</p> <p>9</p> <p>10</p>
<p>Assessment and Measurement</p>	<p>1. The course assessment and measurement methods are clearly stated and measurable.</p> <p>2. The course assessment and measurement methods are aligned with the course learning objectives (competencies) and the course requirements.</p> <p>3. The course assessment and measurement methods are aligned with the course instructor's expertise and the course instructor's research interests.</p> <p>4. The course assessment and measurement methods are aligned with the course instructor's teaching philosophy and the course instructor's teaching style.</p> <p>5. The course assessment and measurement methods are aligned with the course instructor's teaching goals and the course instructor's teaching objectives.</p> <p>6. The course assessment and measurement methods are aligned with the course instructor's teaching methods and the course instructor's teaching techniques.</p> <p>7. The course assessment and measurement methods are aligned with the course instructor's teaching resources and the course instructor's teaching materials.</p> <p>8. The course assessment and measurement methods are aligned with the course instructor's teaching strategies and the course instructor's teaching practices.</p> <p>9. The course assessment and measurement methods are aligned with the course instructor's teaching outcomes and the course instructor's teaching results.</p> <p>10. The course assessment and measurement methods are aligned with the course instructor's teaching evaluation and the course instructor's teaching feedback.</p>	<p>1</p> <p>2</p> <p>3</p> <p>4</p> <p>5</p> <p>6</p> <p>7</p> <p>8</p> <p>9</p> <p>10</p>
<p>Instructional Materials</p>	<p>1. The course instructional materials are clearly stated and measurable.</p> <p>2. The course instructional materials are aligned with the course learning objectives (competencies) and the course requirements.</p> <p>3. The course instructional materials are aligned with the course instructor's expertise and the course instructor's research interests.</p> <p>4. The course instructional materials are aligned with the course instructor's teaching philosophy and the course instructor's teaching style.</p> <p>5. The course instructional materials are aligned with the course instructor's teaching goals and the course instructor's teaching objectives.</p> <p>6. The course instructional materials are aligned with the course instructor's teaching methods and the course instructor's teaching techniques.</p> <p>7. The course instructional materials are aligned with the course instructor's teaching resources and the course instructor's teaching materials.</p> <p>8. The course instructional materials are aligned with the course instructor's teaching strategies and the course instructor's teaching practices.</p> <p>9. The course instructional materials are aligned with the course instructor's teaching outcomes and the course instructor's teaching results.</p> <p>10. The course instructional materials are aligned with the course instructor's teaching evaluation and the course instructor's teaching feedback.</p>	<p>1</p> <p>2</p> <p>3</p> <p>4</p> <p>5</p> <p>6</p> <p>7</p> <p>8</p> <p>9</p> <p>10</p>
