

Critical Thinking Workshop

Carol Caraway

A Baseline Concept of Critical Thinking

Since one dimension of our assessment of the state of present knowledge of critical thinking...

A CRITICAL THINKER

CONSIDERS THE ELEMENTS OF REASONING

Universal Intellectual Standards

Universal intellectual standards are standards which must be applied to thinking whenever one is interested in checking the quality of reasoning about a problem, issue, or situation. To think well is to think in accordance with these standards.

Examples and Ideas

Critical Thinking and Active Learning Strategies: Whatever you use to promote critical thinking by the students--case studies, long or short-term group projects, journals or other writing

The Delphi Method is a powerful research technique
