to demonstrate skills are so varied. Blanket originality-reporting tools like TurnItIn are useful for only a part of the institution, because what we call “original work” varies from discipline to discipline.

Originality of Content

penalties for infractions. Such documents should contain input from all campus stakeholders (e.g., faculty, students, and support areas). Set up regular communication among faculty who teach the same students, and consider creating an academic-integrity reporting/review board for handling cases in a formal way.

There are also several course-level best practices. First, know your students, either via personal contact or
